With Sincere Thanks, Donor Profile: Nancy Pottery

I first became involved with Nipissing University when I was fortunate to be offered a position as an Academic Advisor in August 2005. Since that time, I have completed a Master of Arts in History at Nipissing and am currently completing a second undergraduate Liberal degree in Spanish and Gender Studies.

After working at another university in a large city for many years, my husband and I moved to northern Ontario in 2005 to start a fishing camp/trailer park/bait business in Field, Ontario. I have two adult children, David and Sarah, and two Newfoundland dogs named Thor and Loki. My son David is also a graduate of Nipissing.

My belief in the value of education and in lifelong learning motivates me to donate to Nipissing University. I completed all of my degrees on a part-time basis. I feel there is always something new to learn, not necessarily in a formal education setting. For me, learning is fun and I am always excited to take new courses, try new things, or travel to new places.

I directed my donations toward the library. I have a Master of Library and Information Science degree and feel strongly that a good library is an important part of post-secondary education. The costs of resources, and academic journals in particular, are always rising, so I hope my donations can make a small difference.
