EDUC 4717 PRACTICUM I

This Practicum Handbook is the course outline for EDUC 4717 Practicum I in the Aboriginal Teacher Certification Program (ATCP) and the Teacher of Anishnaabemwin as a Second Language Program (TASL). It also serves as a reference for Associate Teachers, Principals and Faculty Advisors.

Course Description

In Practicum I teacher candidates engage in school-based field experiences as an introduction to the profession. Teacher candidates examine and demonstrate the functions, responsibilities and scope of practice of teachers through observation, teaching lessons and reflecting upon their experiences as a means to inform their personal and professional development. Teacher candidates begin to connect theory to practice.

Learning Expectations/Outputs

Teacher Candidates:

- ✓ demonstrate professionalism in all aspects of the field experience according to OCT Standards of Practice
- ✓ apply course-based knowledge and skills in a classroom setting, including planning and implementation of lessons
- ✓ engage in reflection as a means to improve teaching practice
- ✓ interact appropriately with learners in a variety of settings
- ✓ demonstrate commitment to professional growth through collaboration with other professionals and accepting varied responsibilities in an educational environment
- ✓ become familiar with Ontario Ministry of Education policy documents

Course Requirements

- ✓ Teacher candidates are required to attend all scheduled classes and successfully complete eight weeks of practicum during the academic year.
- ✓ EDUC 4714 Practicum I is a pass (SAT) or fail (F) course and may be attempted only once.

Please note: Teacher candidates who do not receive a pass (SAT) in Practicum I are required to withdraw from the Aboriginal Teacher Certification Program/Teacher of Anishnaabemwin as a Second Language Program and will not retain credit for passed courses. Full program requirements can be found in the Nipissing University Academic Calendar.

Practicum Cancellation

Failure by a teacher candidate to submit his/her required documentation by the applicable deadlines (e.g., Police Vulnerable Sector Check, Health & Safety) will result in the cancellation of the practicum. Cancelled practicum must be made up in its entirety and will be rescheduled at the discretion of the Practicum Office. A \$400 administrative fee will apply. If practicum cannot be arranged and completed by the beginning of June, it will be deferred to the following academic year, causing a delay in completion of the program.

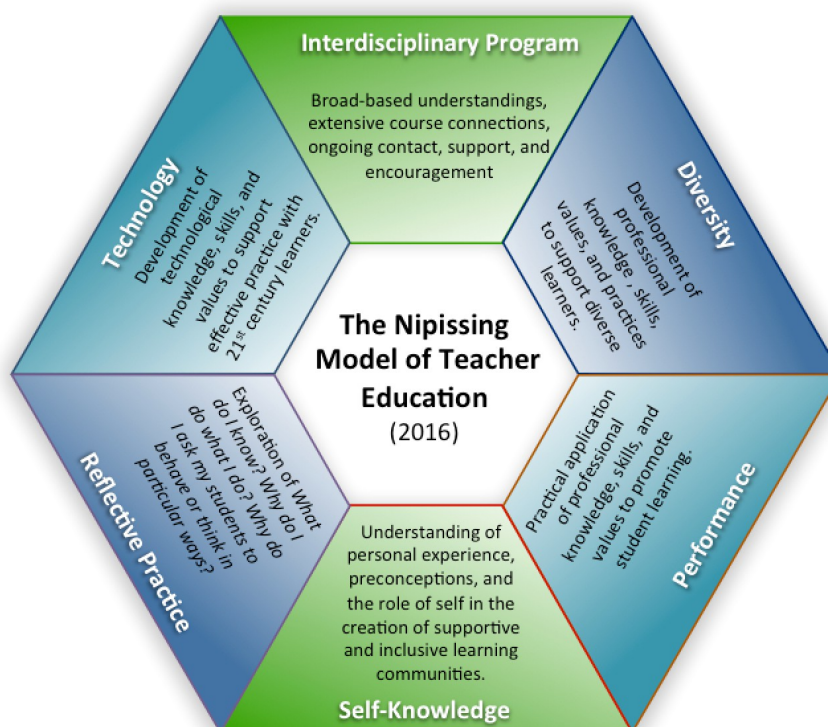

NIPISSING'S ATCP/TASL CONCEPTUAL FRAMEWORK

Conceptual Framework

we believe that teaching is more than acquiring professional/practical knowledge, skill, and values. It is art, science, intuition, interaction, moral and ethical craft, community property, performance, design, and ultimately transformation. It involves intense exploration of personal experience and self-knowledge within many different contexts: professional, practical, curricular, theoretical, cultural, and political.

we guide you on a journey as you become the very best you can be.

Becoming a teacher occurs in different ways and at different rates; it requires opportunities to ask questions, engage in research and inquiry, and diverse learning experiences. Our conceptual framework is characterized by multiple pathways that facilitate critical understandings of what it means to be a teacher in today's global community.

we model and invite you to engage as we explore the Ontario College of Teachers' *Foundations of Professional Practice*. We are committed to you and your learning. We are current in our professional knowledge and apply it throughout the program. We demonstrate leadership and engage in ongoing professional learning.

And most importantly, just as you will with your students, we care and respect you and seek to foster relationships grounded in trust and integrity.

OVERALL EXPECTATIONS OF TEACHER CANDIDATES PRACTICUM I

ROLE OF THE TEACHER CANDIDATE

Teacher Candidates enter the Schulich School of Education as associate members of the Ontario College of Teachers and must therefore accept the responsibilities assigned by the school principal and the Associate Teacher. During the practicum, Teacher Candidates are observing students, studying the role of the teacher, practicing teaching skills and reflecting on this experience. They should work closely with their Associate Teachers in planning, implementing, differentiating and evaluating the learning expectations and opportunities.

Teacher Candidates may not be left on their own with students during the absence of the Associate Teacher. Teacher Candidates may not assume unsupervised responsibility, nor may they act as supply teachers.

Self-Identification

It is the teacher candidate's responsibility to contact the Office of Student Development and Services to identify individual disability-related educational needs. This can be done by making an appointment with an Accessibility Consultant. Teacher candidates are encouraged to identify themselves as early as possible to facilitate planning for the provision of services when classes begin.

It is important to note that appropriate documentation of a disability is required before services can be provided. Any information shared will be held in confidence and will only be released with the teacher candidate's written consent.

ANNUAL Police Vulnerable Sector Check

School boards require Teacher Candidates placed in Ontario schools to complete a satisfactory Police Vulnerable Sector Check prior to having direct contact with students. Teacher Candidates will make official copies of the PVSC available to school officials with valid photo identification. Failure to provide this documentation to the Principal, Aboriginal Programs by the specified deadline (three weeks prior to the commencement of a placement) will result in the cancellation of placement for the current academic year.

Photo Identification

Teacher candidates are required to wear their Schulich School of Education lanyard with photo identification card to their placement school each day. Teacher candidates who have misplaced their photo identification from year one will be required to purchase a new one for practicum. Teacher candidates who do not have their photo identification may be asked to leave the school and will be required to make up missed time.

Professionalism

Teacher candidates must follow the *Ontario College of Teachers' Foundations of Professional Practice*, as well as the *Ontario Teachers' Federation Code of Ethics*. A breach of any part of these may be reason enough to prevent an individual from continuing in the academic program, from continuing in the practicum, or from being deemed successful in the Aboriginal Teacher Certification Program/Teacher of Anishnaabemwin as a Second Language Program.

Arrival/Departure

Teacher Candidates are expected to report to the school office at least 30 minutes before official school opening on the first day of each practicum block. On subsequent days, they are expected to report to their

assigned classroom at least 30 minutes before the bell rings and to remain at the school for at least 30 minutes at the end of the school day. Teacher Candidates should also check with their Associate Teacher(s) about expectations for appropriate arrival and departure times should additional time be required for consultations and/or participation in extra-curricular activities.

Absence from Practicum

Regular attendance is an expectation for successful completion of Practicum I. Teacher Candidates must make every effort to schedule appointments outside of regular school hours. Teacher Candidates who must be absent from practicum are required to follow the procedures outlined below. Failure to report absences as outlined below may result in the Teacher Candidate being removed from the placement:

On the day of absence and before school begins for the day, the Teacher Candidate must contact:

1. The Associate Teacher(s) and/or school office
2. The Faculty Advisor/Principal, Aboriginal Programs– an email can be sent to notify the Faculty Advisor/Principal, Aboriginal Programs

Teacher Candidates who are aware that they will be absent from practicum (i.e. medical appointment, religious observance, etc.) must notify the Faculty Advisor/Principal, Aboriginal Programs and their Associate Teacher(s) well in advance to make the necessary arrangements.

In the event of an absence, Teacher Candidates must provide appropriate lessons and resources for any instructional time for which they are responsible and make arrangements for coverage of other school related responsibilities.

Teacher candidates who are absent from practicum are required to make up all missed time as soon as possible and are responsible for negotiating the dates directly with their associate teacher(s). If a teacher candidate is unable to make up missed time prior to the end of the academic year, he/she must notify the Principal, Aboriginal Programs immediately.

Extended Absence from Practicum (3 days or more)

An extended absence of three or more days in a block due to illness requires a medical certificate, submitted to the Principal, Aboriginal Programs. Other absences of three or more days (e.g., funeral) will also require acceptable documentation to be submitted to the Principal, Aboriginal Programs. **Teacher candidates who miss three or more days must contact the Principal, Aboriginal Programs prior to making arrangements with their associate teacher(s) to make up the time.** Depending on the length and nature of the absence, the Principal, Aboriginal Programs may determine that the teacher candidate must successfully complete an additional practicum in order to meet the course requirements of Practicum I. Additional practicum is subject to a \$400 administrative fee and will be scheduled at the discretion of the Principal, Aboriginal Programs. If the practicum cannot be arranged and completed by the beginning of June, it may automatically be deferred to the following academic year, causing a delay in program completion.

Snow Days during Practicum

Teacher candidates are expected to make every reasonable effort to attend practicum when buses are cancelled. If it is unsafe for a teacher candidate to get to the school first thing in the morning, he/she should monitor the conditions and attempt as soon as the roads have been cleared. Teacher candidates who do not attend practicum when the buses are cancelled are considered absent and are **required to make up the time missed**. Teacher candidates are not expected to attend practicum when schools are closed due to inclement weather.

Practicum Deferral

As the practicum is a key component of the ATP/TASL program and is time-sensitive, requests for deferral must be made before the practicum block begins, and will only be considered in the most extreme cases. Deferrals will not be granted once the practicum block has begun. Teacher candidates requesting a deferral must complete a *Teacher Candidate Request for Deferral* form and submit it to the Associate Dean of Education. Appropriate documentation will be required.

In the rare instance that practicum is deferred, it will be rescheduled at the discretion of the Principal, Aboriginal Programs and will be subject to a \$400 administrative fee. If practicum cannot be arranged and completed by the beginning of June, it may be deferred to the following academic year, causing a delay in program completion. Refusal by a teacher candidate to complete the deferred practicum as assigned will result in a failed practicum block (Does Not Meet Expectations). A teacher candidate who receives an overall achievement level of Does Not Meet Expectations is at risk of receiving a final grade of F (fail) in Practicum I.

Binder

Teacher candidates are required to bring their Practicum Binder to placement each day and to keep its contents up to date and organized at all times. All written observations, instructional plans and reflections for the practicum must be kept in reverse chronological order in the binder. Teacher candidates will make their Practicum Binder available to their associate teacher(s) and faculty advisor. The following guidelines should be used to develop binder content

Tab #1 – Teaching Timetable

The teaching timetable is a weekly schedule of when classes occur including subject, titles and times. Teacher Candidates will highlight or outline the classes for which they will be responsible for teaching. If such a timetable does not exist, Teacher Candidates will create one.

Tab #2 – Observation Notes

Teacher Candidates are required to maintain observation notes for each setting observed as outlined in the Overall Expectations of Teacher Candidates (p. 4, 5) using the following categories:

1. Management Strategies
2. Instructional Strategies
3. Program Organization
4. Student Organization
5. Instructional Materials
6. Methods of Assessment and Evaluation
7. Responsibilities of the Teacher Outside of the Classroom (including health and safety issues)
8. Provisions Made for Exceptional Learners and/or Differentiation

Teacher Candidates will create their own observation sheets by putting each category on a separate page and logging the dates of observation. For example:

Management Strategies

October 26 – Teacher gave positive reinforcement to learners who listened well and completed task

November 9 – Teacher uses hand in the air to get learners' attention, learners follow suit, are quiet... etc.

Tab #3 – Routines

Teacher Candidates will make a record of the various routines and categorize the routines into two categories:

1. Management-Related – opening exercises, entry/dismissal, fire drill, lockdown drill, nutrition breaks, lunch/yard/bus duties, washroom, pencil sharpening, etc.
2. Curricular-Related – taking up homework, teaching a new song/fingerplay in circle time, spelling dictation, Show and Tell/Current Events, daily cursive writing/printing, bellwork, Problem of the Day, story time/serial novel, U.S.S.R. /D.E.A.R. /D.E.A.W., etc.

Under each category Teacher Candidates will include the purpose of the routine and the procedure for the routine that they will conduct.

Lesson plans are NOT required for routines.

Tab #4 – Lesson Plans

Lesson plans include a daily schedule that will be located immediately before the lessons for a particular day. Teacher Candidates will put the most recent day at the front of the tab and will include all handouts, answers to a quiz, overheads, etc. used for the lesson. The handouts will follow right after the lesson plan. Teacher Candidates are to complete the reflection portion of the lesson plan on the day of implementation when they have had an opportunity to think about how the lesson progressed and what could be improved.

Tab #5 – Other

In this section, Teacher Candidates could include additional teaching ideas, strategies, photographs of bulletin boards, classroom layouts, handouts, etc. Photographs of the learners should not be taken without specific written permission of parents. **Teacher Candidates must check with the Associate Teacher prior to taking any photographs/videos in the school.** Blanket permission forms signed by the parents in September might be on file in the main office.

Daily Schedule

Teacher Candidates should create a daily schedule of activities, clearly indicating where their lessons fit in. This schedule should be filed in the Practicum Binder immediately before the lessons for the particular day.

Active Observation

It is important for Teacher Candidates to actively observe the many components of the program as established by their Associate Teacher, particularly in a classroom where there is extensive individual programming, the use of learning centres and/or co-operative learning. Teacher Candidates are not passive observers. They are expected to engage in the learning environment, assist the Associate Teacher in classroom routines and duties, provide individual help to learners, become familiar with classroom resources and organization and assist with other school related responsibilities.

Teacher Candidates are required to maintain observation notes for each setting observed and to file their notes in the appropriate section of the Practicum Binder. The Faculty may also assign observation activities as a requirement for some courses. The following guidelines should be used to organize observation notes:

- 1. Management Strategies**
 - establishment and maintenance of a positive classroom climate
 - expectations for student behaviour in the classroom, halls, lunchroom, on school property
 - routines - particularly transitions
 - procedures for attendance, opening exercises, washroom, dismissal
 - use of positive reinforcement
 - methods of dealing with unacceptable behaviour
 - quiet signal and other signals
 - effective discipline techniques
 - student directed management strategies
- 2. Instructional Strategies**
 - learning centres, discussion, lecturing, games, research, programmed learning, etc.
- 3. Program Organization**
 - school schedules and classroom daily timetable, programme routines, subject integration, timetabling, routines and teaching responsibilities for special classes
 - team teaching; role of teacher assistants and classroom volunteers
- 4. Student Organization**
 - class list, seating chart
 - grouping procedures: whole class, small groups, independent study, peer learning, etc.
- 5. Instructional Materials**
 - use of chalkboard, Smartboards, bulletin boards, audio visual equipment, computers, books, kits, concrete materials
 - location of and access to supplies and resources
- 6. Methods of Evaluation**
 - tracking, anecdotal records, student work folders, assignments, tests, etc.
- 7. Responsibilities of the Teacher outside the Classroom**
 - duty (yard, lunch, bus, etc.)
 - extra curricular activities,
 - curriculum and staff meetings,
 - communication with parents, etc.
 - health and safety issues (e.g., students with allergies, anaphylaxis policies governing administration of medication, procedures during inclement weather, bomb threats, lockdowns, etc.)
- 8. Provisions made for Exceptional Learners/Differentiation**
 - accommodation of students with learning exceptions
 - modifications for students with learning exceptionalities
 - differentiation of content, process, or product to meet student needs

Conducting Classroom Routines

Conducting classroom routines such as opening exercises, dismissal, circle or sharing time and the correction of homework provides Teacher Candidates with opportunities to establish rapport with the learners, as well as to develop and refine instructional skills. Lesson plans are not required for these routines, but the routines, including the purpose, should be recorded in the Teacher Candidate's observation notes.

Other School Related Responsibilities

Teacher Candidates are expected to participate in extra-curricular activities, Professional Development Days and staff meetings/PLT's where appropriate. As well, they are expected to assist in the duty schedule established at the school.

Teacher Candidates will be available to observe/assist in parent-Teacher interviews if approved by the Associate Teacher.

Lesson Planning

Teacher Candidates must demonstrate evidence of thorough planning prior to each lesson. Lesson plans are to be completed outside of regular classroom hours and shared with the Associate Teacher in advance so that the Associate Teacher can review the lesson plan and make suggestions prior to the lesson being implemented. Teacher Candidates and Associate Teachers should discuss the timeline for submission of lesson plans. It is recommended that Teacher Candidates submit lesson plans at least 24 hours prior to the lesson, either electronically or in hard copy, according to the expectations of the Associate Teacher.

In year two, teacher candidates should be able to plan the required lessons independently, with guidance from the associate teacher as outlined in the *Overall Expectations of Teacher Candidates*

Implementation

Teacher candidates are expected to implement lessons according to the *Overall Expectations of Teacher Candidates* (p. 5-6). Teacher candidates should seek feedback from their associate teacher on a regular basis (daily/weekly). Shared responsibility for the planning of a theme or unit of work may occur in the first practicum block. In the second practicum block teacher candidates should be able to independently plan an entire unit of work or series of related lessons around a common theme.

ROLE OF THE ASSOCIATE TEACHER

Associate teachers provide teacher candidates with a model of excellence in teaching and professionalism. They are asked to guide teacher candidates in the planning and implementation process and provide feedback using the practicum reports as a basis for discussion. Associate teachers are required to evaluate their teacher candidate's success using the applicable Schulich School of Education practicum report.

Welcoming your Teacher Candidate

Beginning a new placement is often an exciting yet stressful time for Teacher Candidates. Associate Teachers are encouraged to consider the following when welcoming Teacher Candidates into the school and classroom:

- If possible, make contact with your Teacher Candidate via email prior to his/her arrival and share information about current learning in the classroom
- Share information about the Teacher Candidate with your class prior to his/her arrival
- Send a note home informing parents and guardians that you will have a Teacher Candidate working with you in the classroom
- Provide a comfortable work space for your Teacher Candidate, preferably an adult-sized desk and chair
- Provide your Teacher Candidate with helpful school-related resources and information (i.e. school policies and procedures, expectations regarding arrival/departure times, appropriate dress, duty schedules, calendar of school activities/events, parking, etc.)
- Provide your Teacher Candidate with helpful classroom-related resources and information (i.e. seating charts including student names, rules, routines, daily schedules, course outlines, etc.)
- Provide your Teacher Candidate with a tour of the school (office, staff room, washrooms, etc.) and introduce them to other Teachers and staff
- Keeping in mind the expectations of the university (p. 5-6), clearly outline your expectations of the Teacher Candidate during the practicum.

Mentoring

The use of effective mentoring skills will contribute to a successful Associate Teacher-Teacher Candidate relationship and thus, a rich practicum experience. Associate Teachers are encouraged to consider the following steps to effectively mentor the Teacher Candidate:

- Understand their own strengths and needs prior to and during the practicum
- Introduce the Teacher Candidate to the school community
- Understand the role of mentor (e.g. consulting, collaborating, coaching)

- Clarify the goals of the practicum with the Teacher Candidate
- Use effective listening skills (e.g. ears, eyes, full attention, empathy)
- Facilitate learning-focused conversations (paraphrasing, explore options, questioning, plan next steps, evaluation)

Please refer to: <http://mentoringmoments.ning.com/group/mentoring-mentors/page/mmarchive> for extensive information about mentoring.

One excellent monograph, entitled “Roles & Stances of an Effective Mentor” (October 2012), highlights the 3C framework for working with beginning Teachers. Based on the work of Lipton and Wellman (2001), consulting, collaborating, and coaching are different roles that the mentor may play depending on the needs of the mentee (Teacher Candidate). Some suggestions for starting the conversation with the Teacher Candidate may take the form of the following:

Consulting (advice and information)

- “I feel that circulating throughout the classroom more frequently would...”
- “A key factor for maintaining the attention of the learners is...”
- “It is essential to outline the learning goals prior to the lesson...”

Collaborating (working together to develop effective teaching/learning strategies)

- “Shall we construct the first lesson...?”
- “How might we consider the needs of learners with an IEP...?”
- “Let’s think about how we can make use of existing resources...”

Coaching (supporting independence)

- “What alternatives are you considering for peer evaluation...?”
- “Based on your experience, how might you approach this situation...?”
- “What solutions would you propose for this problem...?”

Associate Teachers should provide opportunities for Teacher Candidates to observe and actively participate in classroom and school routines and to take responsibility for instruction as outlined in the Overall Expectations of Teacher Candidates (p. 5-6).

Throughout all practicum terms/blocks it is important for Associate Teachers to examine lesson plans prior to implementation, to review the Practicum Binder on a regular basis, and to provide ongoing feedback on all aspects of the practicum experience.

Providing Feedback

Ongoing constructive feedback is critical for the professional growth of Teacher Candidates. Associate Teachers are encouraged to meet with their Teacher Candidate on a regular basis, preferably daily, in order to provide encouragement and suggestions for improvement. Associate Teachers should use the Practicum Evaluations (p. 27-35) as a basis for these discussions. It is the responsibility of the Teacher Candidate to be available to meet with his/her Associate Teacher upon request.

Associate Teachers may consider using one of the following models when providing feedback to their Teacher Candidate:

Stop/Start/Continue

- List one or two things that the Teacher Candidate is currently doing that is not working (stop)
- List one or two things that the Teacher Candidate could begin doing that would be beneficial (start)
- List one or two things that the Teacher Candidate has been doing well (continue)

Two Stars and a Wish

- Identify two areas in which the Teacher Candidate is doing well (two stars)
- Identify one area in which you think the Teacher Candidate needs to focus and provide suggestions for development (one wish)

Feedback can be formal (written) or informal (verbal) depending on its nature and should specifically address both strengths and next steps for development.

Evaluation

Associate Teachers are expected to observe and evaluate their Teacher Candidate's progress during the practicum using the applicable Practicum Evaluation (see p. 27-35 for samples). Considering the Teacher Candidate's stage of preparation in the program, Associate Teachers should provide detailed comments regarding their Teacher Candidate's strengths and next steps for development in the areas provided on the evaluation. Associate Teachers are **strongly encouraged** to discuss the Practicum Evaluation with their Teacher Candidate at the end of each practicum.

Practicum Block	Practicum Report Due
Year 1	Interim Report – due at end of week 4 Final Report – due at end of week 8

Associate Teachers may refer to the Practicum Evaluation Achievement Levels listed at the end of the Handbook when completing the assessment/evaluation. **Promptly completed Practicum Evaluations provide timely support for the professional growth of Teacher Candidates.**

Teacher Candidate Absence during Practicum

Associate Teachers are asked to track the absences of the Teacher Candidate during the practicum and record those absences on the Practicum Evaluation. Teacher candidates are required to make up all missed time and are responsible for negotiating the dates directly with the associate teacher.

If a Teacher Candidate is absent from the practicum and does not notify the Associate Teacher and/or school office prior to the start of the school day, the Associate Teacher is asked to contact the Principal, Aboriginal Programs as soon as possible at 705-474-3450 ext. 4368.

Associate Teacher Absence during Practicum

If an Associate Teacher is absent during the practicum, the Teacher Candidate may not assume unsupervised responsibility for the class and cannot act as a supply Teacher. A qualified Teacher must be present in the classroom with the Teacher Candidate at all times.

If an Associate Teacher is absent for more than three days or anticipates being absent for an extended period of time during the practicum, the Principal is asked to contact the Principal, Aboriginal Programs as soon as possible to make alternate arrangements (705-474-3450 ext. 4368).

STEPS TO TAKE IF THE TEACHER CANDIDATE IS EXPERIENCING DIFFICULTY

Associate teachers may use the following as a guideline if their teacher candidate is experiencing difficulty in the practicum:

1. Associate teachers are asked to notify the Principal, Aboriginal Programs IMMEDIATELY (705-474-3450 ext. 4368 or aboriginalprograms@nipissingu.ca) if their teacher candidate begins to experience difficulty in the practicum or is at risk of receiving an overall achievement of Does Not Meet Expectations.
2. The associate teacher should contact the teacher candidate's faculty advisor for additional guidance and support.
3. Using the practicum reports as a basis for discussion, the associate teacher should discuss concerns and areas requiring development with the teacher candidate by offering constructive suggestions, guidance and assistance where necessary.
4. The associate teacher is encouraged to keep appropriate documentation, particularly if the teacher candidate is not meeting the expectations in any area of the practicum report.
5. The associate teacher, in conjunction with the faculty advisor, should set reasonable and realistic goals for improvement to be demonstrated by the teacher candidate according to an established timeline.
6. The associate teacher and faculty advisor will monitor the subsequent performance of the teacher candidate to determine whether or not he/she may continue in the placement.
7. If the teacher candidate is removed from the placement for any reason, the principal, in conjunction with the associate teacher(s), must complete the *Teacher Candidate Removal from Placement* form (p. 21) and submit it to the Principal, Aboriginal Programs upon removal.
8. Teacher candidates who receive an overall achievement of Does Not Meet Expectations on a practicum report will meet with the Principal, Aboriginal Programs to complete a *Teacher Candidate Growth Plan* (p. 20) prior to the next practicum block (if applicable)

ROLE OF THE FACULTY ADVISOR

Faculty Advisors consult with and provide ongoing and timely support to Teacher Candidates and Associate Teachers throughout the practicum experience. Below are some of the responsibilities of the Faculty Advisor:

- Meet with Teacher Candidates on campus to outline expectations and build rapport;
- Communicate regularly with Teacher Candidates throughout the practicum to provide guidance and to resolve issues related to the practicum;
- Communicate regularly with Associate Teachers throughout the practicum to provide guidance and to resolve issues related to the practicum;
- Visit and observe each Year 1 Teacher Candidates in the classroom and generate a Practicum Goal Setting form with the teacher candidate to inform future practice;
- Examine the Teacher Candidate's Practicum Binder, including lesson plans, observation notes, reflections, etc. (normally prior to observing the lesson) and provide feedback;
- Liaise with the Associate Teacher(s) to resolve issues related to the practicum.

TEACHER CANDIDATES AT RISK

Teacher Candidates who experience difficulty during a placement or who have a question/concern related to the practicum are responsible for contacting their Faculty Advisor for immediate support.

Does Not Meet Expectations on the Final Evaluation

A Teacher Candidate who receives an overall rating of “Does Not Meet Expectations” on a final practicum evaluation from an Associate Teacher or Faculty Advisor (if applicable) is at risk of receiving a grade of “F” (failure) in Practicum I and his/her file will be reviewed by the Principal, Aboriginal Programs.

The Schulich School of Education reserves the right to exercise its collective professional judgement about a Teacher Candidates’ final standing in the ATP/TASL Programs.

Removal from a Placement

Any of the following may be considered cause for the immediate removal of a Teacher Candidate from a placement:

1. A charge by school personnel and/or the Schulich School of Education of physical or sexual abuse;
2. A report by school personnel and/or the Schulich School of Education of unprofessional conduct as regulated by the Education Act, The Teaching Profession Act, and the Ontario College of Teachers Act;
3. An assessment by school personnel and/or the Schulich School of Education that the Teacher Candidate’s behaviour seriously or chronically affects the intellectual, emotional or physical well-being of the learners;
4. In the opinion of the Schulich School of Education, the Associate Teacher and/or school Principal, that there is evidence that continued placement could have a detrimental effect on the school’s program, the learners or the staff.

If a Teacher Candidate is removed from a placement for any reason, it is considered a failed placement (Does Not Meet Expectations). In these cases, the Associate Teacher, in conjunction with the principal, is asked to complete the Teacher Candidate Removal from Placement form (p. 21) and submit it to the Principal, Aboriginal Programs upon removal. The Principal, Aboriginal Programs will provide the Teacher Candidate with a copy of the form once it has been received.

If a Teacher Candidate removes him/herself from a placement without written consent from the Principal, Aboriginal Programs, it is considered a failed placement (Does Not Meet Expectations).

A Teacher Candidate who is removed from or removes him/herself from a placement is at risk of receiving a final grade of “F” (fail). The Teacher Candidate’s right to continue in the practicum may be revoked, depending on the nature of the situation. If the Teacher Candidate is allowed to continue in the practicum, he/she may be required to meet with the Principal, Aboriginal Programs to complete a Teacher Candidate Growth Plan (p. 20).

DETERMINATION OF FINAL GRADE

Teacher candidates must be successful in the course entitled: EDUC 4717 Practicum I, in addition to meeting all other academic requirements in order to obtain their Bachelor of Education degree/Diploma in Education. Full program requirements are outlined in the Nipissing University Academic Calendar.

Final standing in Practicum I is based on a thorough review of all practicum reports and other relevant documentation by the Principal, Aboriginal Programs. A teacher candidate who receives a minimum overall achievement level of Meets Expectations on all practicum reports from his/her associate teacher(s) and faculty advisor(s) will receive a final grade of SAT (pass) in Practicum I.

A teacher candidate who receives an overall achievement level of Does Not Meet Expectations on a practicum report from an associate teacher or faculty advisor will have his/her file reviewed by Practicum Committee and is at risk of receiving a final grade of F (fail) in Practicum I. These teacher candidates will be invited to submit to the Practicum Committee a written reflection regarding their difficulty in the practicum. This documentation will become part of any future review of the teacher candidate's file by the Practicum Committee.

The Schulich School of Education reserves the right to exercise its collective professional judgement about a teacher candidate's final standing in the ATCP/TASL program.

Additional Practicum

In very rare cases, the Principal, Aboriginal Programs may require a Teacher Candidate to successfully complete additional practicum in order to meet the course requirements of Practicum I. Teacher Candidates who do not receive a minimum overall achievement level of "Meets Expectations" in the additional practicum will receive a final grade of "F" (fail) in that practicum course. Teacher Candidates who refuse to complete the additional practicum as assigned or who are removed/remove themselves from the practicum will receive a final grade of "F" (fail).

In the rare instance that additional practicum is required it is arranged by the Principal, Aboriginal Programs and may be subject to an administrative fee. Additional practicum is a minimum of three weeks in length and will be scheduled as soon as possible at the end of the academic year. If the practicum cannot be arranged and completed by the beginning of June, it will be deferred to the following academic year.

The purpose of this profile is to provide your associate teacher, in advance, information about you as a person and about you as a teacher candidate. It is intended to facilitate the development of a positive mentoring relationship as you begin your practicum experience. **Please complete each of the following sections thoughtfully and email the completed profile to your associate teacher prior to the first day of placement.**

A.L.P TEMPLATE CHECKLIST

Subject/Course:

Grade Level:

Topic:

Name:

Date(s):

Length of Lesson:

EXPECTATION(S):

Specific Expectation(s):

Specific expectations directly from the Ontario Curriculum

- ✓ Selected and listed from the Ontario Curriculum
- ✓ Refined when necessary
- ✓ Has realistic number of expectations (1-3 usually)
- ✓ Expectations match assessment

Learning Skill(s):

Directly from Growing Success: Assessment Evaluation and Reporting

- ✓ Learning skills are listed as necessary (responsibility, organization, initiative, self-regulation, cooperation)
- ✓ Specific learning skill behaviours (look fors) that support the learning are included

Learning Goal(s) and Success Criteria

What will students understand, know, or be able to do by the end of the lesson?

- ✓ Learning goals and success criteria are written in student friendly language
- ✓ Has verbs that are measurable and observable and describe, for students, what they should know, understand, and be able to do by the end of the instruction.
- ✓ Answers the questions "Where are we going?" "What are we expected to learn?"
- ✓ Success criteria written in student friendly language
- ✓ Identifies what will be taught in today's lesson
- ✓ Success criteria makes the learning explicit and transparent for students and teacher
- ✓ Identifies the aspects of student performance that are assessed and/or evaluate (i.e., the "look-fors") in relation to the curriculum expectations
- ✓ Helps identify possible next steps

ASSESSMENT/EVALUATION:

What is the purpose of the assessment: For, As, or Of learning? How will students demonstrate their learning?

What recording device will I use to track or document learning?

Curriculum:

Strategy

Recording Device:

- ✓ Identifies purpose of assessment (For, As, or Of Learning)
- ✓ Identifies the strategy used to assess student learning
- ✓ Includes a recording device (rubric, rating scale, checklist, marking scheme, anecdotal notes)

Learning Skills:

Skill(s)

Recording Device

- ✓ Identifies the strategy used to assess student learning
- ✓ Includes a recording device (rubric, rating scale, checklist, marking scheme, anecdotal notes)

STUDENT DIVERSITY:

What prior experiences, knowledge and skills do the learners bring with them to this learning experience?

How will I differentiate to ensure the inclusion of all learners (e.g., gender, culture, language, learning preference)?

Must include where applicable accommodations and/or modifications for learners identified as exceptional.

Prior Learning Experiences

Student: Accommodation/Modification

- ✓ Identifies students' prior knowledge related to the expectation(s). Consider what experiences (cognitive, affective, psychomotor) do the students bring to the lesson? What level of development have they already attained relative to the learning goal?
- ✓ Identifies students who require additional support, including modifications and/or accommodations; describe strategies to be used
- ✓ Describes changes in content, process, product to meet needs
- ✓ Describes adjustments to the teaching/learning space if required
- ✓ Lists group members when necessary

ABORIGINAL CULTURAL INCLUSION:

What aspects of the local Aboriginal culture, heritage, languages, history, etc. are incorporated into the learning experience? How are learning strategies connected to understandings of Aboriginal pedagogy?

- ✓ Includes facts, skills, knowledge, language, etc. connected to curriculum expectations
- ✓ Describes processes/strategies that connect to traditional Aboriginal teaching
- ✓ Describe changes to learning space/environment

RESOURCES AND MATERIALS:

- ✓ Lists resources to be used:
 - text title, author, and page(s)
 - films, websites, articles, etc.
 - exemplars, models, anchor charts
 - technology (overhead, data projector, laptop, SmartBoard, tablets, lab equipment, etc.)
 - handouts (worksheets, templates, rubrics, checklists, etc.)
 - paper, markers, manipulatives, etc.

TEACHING/LEARNING SEQUENCE:

Beginning: *Minds On/Time to Teach. How will I engage the learners? (e.g., hook, motivational strategy, activation of learners'*

prior knowledge, key questions, activities, procedures, compelling problem). How we teach new concepts, processes (e.g., gradual release of responsibility - modeled, shared, and guided instruction).

- ✓ Time is allocated
- ✓ Should be connected to the learning (e.g., review of yesterday's learning)
- ✓ Engages the students (e.g., if using a hook – describe steps)
- ✓ Is creative, innovative and motivating

- ✓ Teacher modeling of new learning is explained
- ✓ How students explore a problem and document their solution strategies is explained where applicable
- ✓ Key educative questions are listed

Middle: *Application: Action/Time to Practice: How does the lesson develop? What will learners do to demonstrate their*

learning? (Moving from guided, scaffolded practice, and gradual release of responsibility.) What am I (teacher) doing?

Expand on the Learning Goals and Success Criteria. For example, include key definitions, specific steps in solving a problem, key points in a story plot, observable behaviours in working cooperatively (for a learning skill) etc.

- ✓ Time is allocated
- ✓ Includes facts, data, information, formulae, concepts, skills, knowledge and/or attitudes
- ✓ Explains how the students will apply and practice the new learning alone or in groups
- ✓ Teaching/learning strategies are described step by step, including groupings
- ✓ Organized in a logical and sequential manner
- ✓ Procedures for activity/activities are described step by step when applicable
- ✓ Includes a description of student(s) roles and responsibilities where appropriate
- ✓ Task card/overview may be posed if applicable
- ✓ Transitions are clearly outlined e.g., distribution and collection of resources, groupings, etc.)
- ✓ Includes what I am doing (model, instructions, descriptive feedback, etc.)

End: Consolidation/Time to Share: *How will I bring all the important ideas from the learning experiences together for/with the students? How will I check for understanding?*

- ✓ Time is allocated
- ✓ Students are asked to summarize/demonstrate facts, data, information, formulae, concepts, skills, knowledge, attitudes and/or learning skill(s) (e.g., student presentation of solutions, work samples, projects, group discussion moderated by the teacher or students)
- ✓ Recapitulation questions are listed
- ✓ Students are made aware of what they have learned (metacognitive skills) / sharing of new learning
- ✓ At end of learning include student reminders (e.g., homework if appropriate)

REFLECTION:

How are the students progressing toward the learning goal? What evidence do I have? What are my next steps to support student learning?

- ✓ List steps for how I will help ALL students meet expectations for next class, including those who require continued differentiation
- ✓ How are the students progressing toward the learning goal (assessment/evaluation)
- ✓ Thinking about the implementation of the lesson, list next steps for professional growth regarding the lesson (communication, planning, organization, motivation, teaching / learning strategies, differentiation, questioning, assessment, etc.)
- ✓ Assess your classroom management of the lesson and list pro-active classroom management strategies for the next lesson.
- ✓ Identify topic for next class

PRACTICUM REPORT GROWTH DESCRIPTORS – BLOCK 1

Growth descriptors have been provided as an aid to completing the practicum report. These descriptors detail the level of competence representative of each of the 4 levels of achievement. They are meant to be used as observable behaviour guidelines so that anyone involved in the mentoring, supervisory or evaluation process has specific reference points that may be used to assist teacher candidates in their growth and development. The associate teacher may use the descriptors as a framework to provide feedback to the teacher candidate during practicum. This would allow both parties to have a common ground upon which to base their perceptions relative to specific areas of professional growth. They may use it as a basis for ongoing formative assessment over the course of the practicum, and as guiding principles for summative evaluation at the end of the practicum block. Evaluators are encouraged to use the evidence gathered through this rubric and their professional judgment to determine the teacher candidate's overall level of achievement.
