- Section 2** consent to share immunization status and consent to communicate electronically is signed
- Section 3** is filled out and signed by your health care provider
- Section 4** is completed & signed and immunization records and/or blood test results are attached

Frequently Asked Questions

Where do I find my Immunization records?

If you have an Ontario Health Card your immunization records can be obtained online at your local Health Unit Website or here: <https://nbpsdhu.icon.ehealthontario.ca/#!/welcome>

What if I don't have an Ontario Health Card or access to my previous immunization records?

A simple blood test can be done to determine if you need any vaccines. The Campus Health Centre can help you meet all the requirements to obtain your clinical clearance. Fill in Section 1 and 2 on the following page, and email it to us so we can create your file. Attach any relevant records you have, even if they are not complete.

What if I do not have a family doctor?

You can book an appointment with your local Public Health Unit's vaccine department. Make sure to bring this form with you.

Can this form be completed at the Campus Health Centre?

The Campus Health Centre can perform any immunizations or TB testing if you are studying locally.

- **For any other questions, please contact us at the above phone number.**

Section 2

CONSENT TO ELECTRONIC COMMUNICATION

The Campus Health Centre has offered to communicate using the following means of electronic communication services: Email, Telephone consultation, Video conferencing

Potential risks of using electronic communication.

The Campus Health Centre will use reasonable means to protect the security and confidentiality of information sent and received using the Services ("Services" is defined in the attached Consent to use electronic communications). However, because of some of the risks outlined below, the Physician/Campus Health Centre cannot guarantee the security and confidentiality of electronic communications:

- Use of electronic communications to discuss sensitive information can increase the risk of such information being disclosed to third parties.
- Despite reasonable efforts to protect the privacy and security of electronic communication, it is not possible to completely secure the information.
- Employers and online services may have a legal right to inspect and keep electronic communications that pass through their system.
- Electronic communications can be forwarded, intercepted, circulated, stored, or even changed without the knowledge or permission of the Physician or the patient.
- Even after the sender and recipient have deleted copies of electronic communications, back-up copies may exist on a computer system.
- Additional risks not listed

Please sign below if you consent to share immunization status with program coordinator.

Section 4

Tetanus Diphtheria and Pertussis – Booster dose if 18 years of age or older is required

- According to the Ontario Hospital Association: “All adult (18 and older) health care workers, regardless of age, should receive a single dose of tetanus diphtheria acellular pertussis (Tdap/Adacel/Boostrix) for pertussis protection if not previously received in adulthood. **The adult dose is in addition to the routine adolescent booster dose... The interval between the last tetanus-diphtheria booster and the Tdap vaccine does not matter”.**
- **Students will not be eligible for placement without the booster**

Tdap
 Adacel
 Boostrix
Date: _____
Age: _____

Measles Mumps and Rubella

- Students must have either proof of two MMR vaccines at least 4 weeks apart
- OR**
- blood work indicating immunity to all three and results attached.

MMR #1: _____
MMR #2: _____
Titre results: _____
Date: _____

Varicella

- Students must have either proof of two Varicella vaccines at least 4 weeks apart
- OR**
- blood work indicating immunity to all three and results attached.

Varivax II Varilrix
