

Master's Statement of Interest/ Doctorate Research Proposal

-Nipissing University requires scholarship applicants to write their own research proposal/statement of interest independently

-texts must be properly cited; do not refer to URLs as the selections committee will not look up the information

-please provide a detailed description of the research you plan for the duration of the time you will hold this award

-be as specific as possible, whilst using plain language so that it can be understood by someone with a background in your discipline but no specific knowledge of your particular field of research

-place your proposed research with the context of your field's current knowledge

For applicants with a research background:

- State the objectives

- Outline the experimental or theoretical approach to be taken

- State the methods and procedures that will be used

If a specific project has not been decided upon, the applicant must still provide a detailed description of a research or project statement that interests them. Be as specific as possible.

The proposal must not exceed two standard letter sized pages in length excluding the bibliography/ reference list.
