Coordinating your benefits with another plan

If you or your dependents are covered for Extended Health Care or Dental Care under this plan and another plan, the maximum amount that you can receive from all plans is 100% of the total eligible expenses.

- First, send in the claim to the plan where the person is covered as an employee. If the person is an employee under two plans, send the claim to the different plans in the following order:
 - to the plan where the person is covered as an active full-time employee.
 - then, to the plan where they are covered as an active part-time employee.
 - then, to the plan where they are covered as a retiree.
- Next, send the claim to the plan where the person is covered as a dependent.

Please send in claims for a child in the following order:

- First send in the claim to the plan where the child is covered as an employee.
- Then, to the plan where they are covered under a student health or dental plan through their educational institution.
- Then, to the plan of whichever parent has the earlier birth date (month and day) in the calendar year. For example, if your birthday is May 1 and your spouse's birthday is June 5, you must claim under your plan first.

When you send us a claim, you must tell us about all other equivalent coverage that you or your dependents have.

We may require that you or your dependent have a medical examination if you make a claim. We will pay for the examination. If the person fails or refuses to have an examination, we will not pay any benefits.

Extended Health Care

General description of the coverage

In this section, *you* means the employee and all dependents covered for Extended Health Care benefits.

Extended Health Care coverage pays for eligible expenses that you incur while covered under this plan.

Eligible expenses mean expenses incurred for the services and supplies described below that are medically necessary for the treatment of an illness and do not exceed the reasonable and customary charges for the service or supply being claimed. However, there are additional eligibility requirements that apply to drugs (see *Prior authorization program* for details).

Medically necessary means generally recognized by the Canadian medical profession as effective, appropriate and required for treating an illness according to Canadian medical standards.

Reasonable and customary charges mean:

- fees and prices normally charged in the regional area where the services or supplies are provided, and
- charges for services and supplies that represent reasonable treatment, considering the duration of services and how frequently services and supplies are provided.

To qualify for this coverage you must be entitled to benefits under a provincial medicare plan or federal government plan that provides similar benefits.

Reference to Doctor may also include a nurse practitioner – If the applicable provincial legislation permits nurse practitioners to prescribe or order certain supplies or services, Sun Life will reimburse those eligible services or supplies prescribed or ordered by a nurse practitioner the same way as if they were prescribed or ordered by a doctor. For drugs, refer to *Other health professionals allowed to prescribe drugs* outlined in the Benefit Summary.

Contact us right away in an emergency!

You or someone with you must contact Sun Life's Emergency Travel Assistance provider, AZGA Service Canada Inc. (*Allianz Global Assistance*) right away. Allianz Global Assistance must approve all invasive and investigative procedures (including any surgery, angiogram, MRI, PET scan, CAT scan) before you have them.

If Allianz Global Assistance does not hear from you first, before you receive emergency services, and we determine that someone could have reasonably made contact on your behalf, Sun Life has the right to deny or limit payments for all expenses related to that emergency.

In extreme circumstances where contact with Allianz Global Assistance cannot be made before services are provided, you must contact Allianz Global Assistance as soon as possible afterwards.

An emergency ends when Allianz Global Assistance, based on available medical evidence, deems you medically stable to return to the province where you live.

Emergency services excluded from coverage

Any expenses related to the following emergency services are not covered:

- services that are not immediately required or which could reasonably be delayed until you return to the province where you live, unless your medical condition reasonably prevents you from returning to that province prior to receiving the medical services.
- services relating to an illness or injury which caused the emergency, after such emergency ends.
- continuing services, arising directly or indirectly out of the original emergency or any recurrence of it, after the date that Sun Life or Allianz Global Assistance, based on available medical evidence, determines that you can be returned to the province where you live, and you refuse to return.
- services which are required for the same illness or injury for which you received emergency services, including any complications arising out of that illness or injury, if you had unreasonably refused or neglected to receive the recommended medical services.
- where the trip was taken to obtain medical services for an illness or injury, services related to that illness or injury, including any complications or any emergency arising directly or indirectly out of that illness or injury.

Dental Care

General description of the coverage

In this section, *you* means the employee and all dependents covered for Dental Care benefits.

Dental Care coverage pays for eligible expenses that you incur for dental procedures provided by a licensed dentist, denturist, dental hygienist and anaesthetist while you are covered by this group plan.

For each dental procedure, we will only cover **reasonable expenses**. We will not cover more than the fee stated in the Dental Association Fee Guide specified in the Benefit Summary. When a fee guide is not published for a given year, the term *fee guide* may also mean an adjusted fee guide established by Sun Life.

To decide what part of a procedure we will pay for:

- we will first find out if you could have had alternate, or other, dental procedures.
- we confirm that these alternate procedures are part of usual and accepted dental work and produced a similar result to the procedure that the dentist performed.

We will only pay the reasonable cost of the least expensive alternate procedure.

If you receive any temporary dental service	It will be included as part of the final dental procedure used to correct the problem and not as a separate procedure. The fee for the permanent service will be used to determine the reasonable and customary charge for the final dental service.
Claiming when the expense is incurred	<p>You must claim an expense for the benefit year in which you incur the expense.</p> <p>The benefit year is indicated in the Benefit Summary.</p> <p>You incur an expense on the date your dentist performs a single appointment procedure.</p> <p>For procedures which take more than one appointment, you incur an expense once the entire procedure is completed, except for orthodontic procedures where an expense is incurred for each appointment.</p> <p>See the table Instructions and Time Limits for Sending Us Your Claims at the beginning of this booklet for information about when and how to make a claim.</p>
Reimbursement level	<p>Claims will be paid up to the reimbursement level under this plan.</p> <p>For each type of service listed below, the reimbursement level is indicated in the Benefit Summary.</p>
Maximum benefit	Maximums are indicated in the Benefit Summary.
Restriction on payments	If you apply for coverage either for yourself or your dependents more than 31 days after becoming eligible, the maximum amount we will pay is the <i>late applicant maximum</i> indicated in the Benefit Summary.

Getting an estimate before you have certain procedures

For any major treatment or any procedure that will cost more than \$500, we suggest that you send us an estimate before the work is done. Here's what to expect:

- you will send us a completed dental claim form that shows the treatment that the dentist is planning and the cost.
- both you and the dentist will have to complete parts of the claim form.
- we will tell you how much of the planned treatment is covered. This way you will know how much of the cost you will be responsible for before the work is done.

Short-Term Disability

General description of the coverage

Short-Term Disability coverage provides a benefit if you become totally disabled. You qualify for this benefit if you present proof of claim acceptable to Sun Life that confirms both of the following:

- you became totally disabled while covered, and
- you have been following appropriate treatment for the disability since it started.

For the purposes of your Short-Term Disability coverage, we will consider you to be totally disabled while you are continuously unable due to an illness to perform the essential duties of your own job, in any workplace, including in a different department or location with your employer or with another employer. The availability of work with any employer does not affect the determination of total disability.

We will base your benefits on your coverage on the date you became totally disabled. We pay benefits at the end of each week for which you are entitled to payments.

See the table **Instructions and Time Limits for Sending Us Your Claims** at the beginning of this booklet for information about when and how to make a claim.

When disability payments begin	<p>If you become totally disabled because of an accident or illness, you will be eligible for Short-Term Disability payments on the later of the following:</p> <ul style="list-style-type: none">• after you have been totally disabled for the number of days indicated in the Benefit Summary (elimination period), or• the first day you consult a doctor. <p>If benefits are payable for part of any week, we will pay 1/7 of the weekly benefit for each day you are entitled to a payment.</p>
What we will pay	<p>Here is how we calculate your Short-Term Disability payments. All references to benefits and payments in this disability provision are to the gross amounts before any deductions.</p> <p>Step 1: We take the maximum amount indicated in the Benefit Summary.</p> <p>Step 2:</p> <p>(a) During the entire period of total disability, we subtract any benefits or payments provided:</p> <ul style="list-style-type: none">• under a motor vehicle insurance plan.• under a group plan which provides income replacement benefits as a result of an accident or an illness, including a multiple-employer group plan but excluding any benefits or payments provided under a Critical Illness plan or an association plan.• as part of a salary continuance received from your employer during your disability.• under the Québec Parental Insurance Plan. <p>(b) After the first 17 weeks of total disability, when the maximum benefit period is more than 17 weeks, we also subtract any benefits or payments provided:</p> <ul style="list-style-type: none">• under any government-sponsored plan such as the Canada Pension Plan and the Québec Pension Plan, excluding all benefits or payments on behalf of a dependent, for the same or a subsequent disability.• under a retirement or pension plan funded in whole or in part by your employer, due to your disability or a medical condition.• under any coverage resulting from your membership in an association but excluding any benefits or payments provided under a Critical Illness plan.

The result from Step 2 is the amount you will normally receive.

However, if the amount calculated under Step 2, plus:

- **during the first 17 weeks of total disability** – the sources of benefits and payments listed in (a) above is more than 85% of your basic earnings when your disability began, we will reduce your Short-Term Disability payment by the excess. If the benefit is non-taxable, your income after income tax is the one we use.
- **after the first 17 weeks of total disability** – the sources of benefits and payments listed in (a) and (b) above is more than 85% of your basic earnings when your disability began, we will reduce your Short-Term Disability payment by the excess. If the benefit is non-taxable, your income after income tax is the one we use.

Important to remember:

- If you are eligible for any of the benefits or payments described above and do not apply for them, we will still consider them. We can estimate those benefits and payments and use them when we calculate your Short-Term Disability payments.
- If any of the benefits or payments described above are provided in a lump sum, we will determine the equivalent compensation this represents on a weekly basis using generally accepted accounting principles.
- We will not take into account any benefits or payments that began before your disability began. However, increases in those benefits or payments as a result of your disability will be taken into account.
- We have the right to adjust your Short-Term Disability benefit payments when appropriate under the above provision.

Interrupted periods of disability

If you had a total disability for which we paid Short-Term Disability benefits and total disability reoccurs due to the same or related causes, we will consider it a continuation of your previous total disability as long as the disability reoccurs within 2 weeks of the end of your previous disability.

We will base these benefits on your coverage as it existed on the original date of total disability and will pay them for no longer than the rest of the maximum benefit period.

If you recover damages from another person

We have the right to part of any money you recover through legal action or settlement from another person, organization or company who caused your disability.

If you decide to take legal action, you must comply with the applicable terms of the group contract concerning legal action.

For disability benefits paid or payable prior to the date of judgment or settlement, if you recover money, you must pay us 75% of your net recovery or the total disability benefits paid or payable to you under this plan, whichever is less. For disability benefits payable after a judgment or settlement, where 75% of your net recovery exceeds the amount that we recover for past disability benefits, we have the right to deduct that excess from ongoing disability benefits. Refer to your group contract for more information.

When payments end

Your Short-Term Disability payments end **on the earlier of** the following dates:

- the date you are no longer totally disabled.
- the end of the maximum benefit period indicated in the Benefit Summary.
- the date you retire on pension.
- the date you die.

When coverage ends

Life Coverage

General description of the coverage

Your Life coverage provides a benefit for your beneficiary if you die while covered. Your dependents' Life coverage provides a benefit if one of your dependents dies while covered.

See the Benefit Summary at the beginning of this booklet to see the amount of coverage and the date coverage ends.

See the table **Instructions and Time Limits for Sending Us Your Claims** at the beginning of this booklet for information about when and how to make a claim.

Who we will pay

If you die while covered, we will pay the full amount of your benefit to your last named beneficiary on file with us.

If you have not named a beneficiary, we will pay the benefit amount to your estate. Anyone can be your beneficiary. You can change your beneficiary at any time, unless a law prevents you from doing so or you indicate that the beneficiary is not to be changed.

If a dependent dies, we will pay you the benefit for that dependent.

Fact

If you designated a beneficiary under a previous group plan of the employer, we will apply and carry it forward to your coverage under this plan until you change it.

There are different rules for designating a minor beneficiary, please refer to your contract for specific information.

Converting Life coverage

If your Life coverage or your spouse's Life coverage ends or reduces for any reason other than your request, you or your spouse may apply to convert the group Life coverage to an individual Life policy with Sun Life without providing proof of good health.

Where necessary in order to comply with applicable legislation: If your child's Life coverage ends because your Life coverage has ended, you may apply to convert the group Life coverage for your child to an individual Life policy with Sun Life without providing proof of good health.

The request must be made within 31 days that the Life coverage reduces or ends.

Important

There are a number of rules and conditions in the group contract that apply to converting this coverage, including the maximum amount that can be converted. Please contact your employer for details.
