#5 Learning to LUST: A Roundtable on the 2nd year **Sandbox**
Interdisciplinary class with Students and Profs

Moderator Sal Renshaw and Renée Valiquette

Join us for both a high brow, and maybe at times down and dirty, conversation about all things LUST. From this year's interdisciplinary class (INTD 2005) we've learned that lust is involved in everything from the Fruit Fly conga line (you'll have to come to hear what that's about), to a deadly sin that nonetheless is all too natural to the engine of some of the best and the worst choices we make from who we marry to who we kill. It's all about LUST.
