The Role of the Associate Teacher

Associate Teachers have a vital role within the Schulich School of Education BEd Program. Not only do they mentor and training aspiring educators, but they also provide Teacher Candidates with a model of excellence and professionalism in teaching. They effectively guide Teacher Candidates in the planning and implementation process and provide feedback using the practicum reports as a basis for discussion.

1. Welcoming Your Teacher Candidate

Beginning a new placement is often an exciting yet stressful time for Teacher Candidates. Associate Teachers are encouraged to consider the following when welcoming their Teacher Candidate into the school and classroom:

- If possible, contact your Teacher Candidate via email prior to their arrival and share information about current learning in the classroom.
- Share information about the Teacher Candidate with your class prior to their arrival.
- Send a note home informing parents/guardians/caregivers that you will have a Teacher Candidate working with you in the classroom.
- Provide a comfortable workspace for your Teacher Candidate, preferably an adult-sized desk and chair.
- Provide your Teacher Candidate with helpful classroom-related resources and information (e.g., seating charts including learner names, rules, routines, daily schedules, course outlines).
- Provide your Teacher Candidate with a tour of the school (office, staffroom, washrooms, etc.) and introduce them to other teachers and staff.
- Keeping in mind the expectations of the university, clearly outline your expectations of the Teacher Candidate.

2. Mentoring Your Teacher Candidate

The use of effective mentoring skills will contribute to a successful Associate Teacher/Teacher Candidate relationship and thus, a rich practicum experience. Associate Teachers are encouraged to consider the following steps to mentor effectively their Teacher Candidate:

- Understand their own strengths and needs prior to and during the practicum.
- Introduce the Teacher Candidate to the school community.
- Understand the role of mentor (e.g., consulting, collaborating, coaching).
- Clarify the goals of the practicum with the Teacher Candidate.
- Use effective listening skills (e.g., ears, eyes, full attention, empathy).
- Facilitate learning-focused conversations (paraphrasing, explore options, questioning, plan next steps, evaluation).

One excellent monograph entitled “Roles & Stances of an Effective Mentor” (October 2012), highlights the 3C framework for working with beginning teachers. Based on the work of Lipton and Wellman (2011), consulting, collaborating, and coaching are different roles that the mentor may play depending on the needs of the mentee (the Teacher Candidate). Some suggestions for starting the conversation with the Teacher Candidate may take the form of the following:

Consulting (advice and information)

- “I feel that circulating throughout the classroom more frequently would...”
- “A key factor for maintaining the attention of the learners is...”
- “It is essential to outline the learning goals prior to the lesson because...”

Collaborating (working together to develop effective teaching/learning strategies)

- “How shall we construct the first lesson?”
- “How might we consider the needs of learners with an IEP?”
- “Let’s think about how we can make use of the existing resources.”

Coaching (supporting independence)

- “What alternatives are you considering for peer evaluation?”
- “Based on your experience, how might you approach this situation?”
- “What solutions would you propose for this problem?”

Associate Teachers should provide opportunities for Teacher Candidates to actively observe and participate in the classroom and school routines, and to take responsibility for instruction, as outlined in the *Overall Expectations of Teacher Candidates*.

It is important that Associate Teachers examine lesson plans prior to implementation, review the practicum binder on a regular basis, and provide ongoing feedback on all aspects of the practicum.

3. Providing Feedback

Ongoing constructive feedback is critical for the professional growth of Teacher Candidates. Associate Teachers are encouraged to meet with their Teacher Candidate on a regular basis, preferably daily, to provide encouragement and suggestions for growth. Associate Teachers should use the practicum reports (p. 22-26 and p.30-34 and p.39-43) as a basis for these discussions. It is the responsibility of the Teacher Candidate to be available to meet with their Associate Teacher upon request.

Associate Teachers may consider using one of the following models when providing feedback to their Teacher Candidate:

Stop/Start/Continue

- Identify one or two things that the Teacher Candidate is currently doing that is not working (stop).
- Identify one or two things that the Teacher Candidate could begin doing that would be beneficial (start).
- Identify one or two things that the Teacher Candidate has been doing well (continue).

Two Stars and a Wish

- Identify two areas in which the Teacher Candidate is doing well (two stars).
- Identify one area on which the Teacher Candidate needs to focus and provide suggestions for growth (one wish).

Feedback can be formal (written) or informal (verbal) depending on its nature and should specifically address both strengths and next steps for development.

4. Supervising Your Teacher Candidate

Teacher Candidates must not be left on their own with the learners during the absence of the Associate Teacher. Teacher Candidates may not assume unsupervised responsibility, nor may they act as supply teachers.

During the year two winter practicum (March 23-May 1, 2026), Teacher Candidates who hold a Transitional Certificate with OCT are permitted to accept OT. They must first receive approval from the Practicum Office to utilize their Transitional Certificate during their practicum. **A maximum of 12 OT days may be accepted and counted toward their practicum during the six-week practicum.**

5. Associate Teacher Absence during Practicum

If an Associate Teacher is absent during practicum, the Teacher Candidate may not assume unsupervised responsibility for the class and cannot act as the supply teacher. A qualified teacher must always be present in the classroom with the Teacher Candidate.

If an Associate Teacher is absent for more than three days or anticipates being absent for an extended period of time during the practicum, they or the principal must contact the Practicum office (ptoffice@nipissingu.ca or 705-474-3450 ext. 4555) to discuss possible alternate arrangements for the remainder of the practicum block.

Expectations for Teacher Candidates

To assist Associate Teachers in the mentoring and guidance of their Teacher Candidate, it is important that they understand the role of their Teacher Candidate. Below is a list of essential expectations for all Teacher Candidates to follow and abide by while on placement.

1. Practicum Binder

Teacher Candidates are required to bring their practicum binder to school each day. Binder content must always be kept up to date and organized. All written observations, instructional plans, and reflections for the practicum must be kept in reverse chronological order in the binder. Please review the Practicum I or Practicum II Handbook for a detailed description of the Practicum Binder and Teacher Candidate requirements.

2. Daily Schedule

Teacher Candidates must create a daily schedule of activities, clearly indicating where their lessons fit in. This schedule should be filed in the practicum binder immediately before the lessons for the day.

3. Active Observation

It is important for Teacher Candidates to observe the many components of the program, as established by their Associate Teacher, particularly in a classroom where there is extensive individual programming, the use of learning centres and/or co-operative learning. Teacher Candidates are not passive observers. They must engage in the learning environment, assist the Associate Teacher in classroom routines and duties, provide individual help to learners, familiarize themselves with classroom resources and organization, and assist with other school-related responsibilities.

Teacher Candidates are required to maintain written observation notes for each setting observed and to file their notes in the appropriate section of their practicum binder.

4. Practicum Arrival and Departure

Teacher Candidates are expected to report to the school office at least **30 minutes** before the official school opening on the first day of each practicum block. On subsequent days, they are expected to report to their assigned classroom at least **30 minutes** before the bell rings and to remain at the school at least **30 minutes** after the bell at the end of the school day. Teacher Candidates should also check with their Associate Teachers about expectations for appropriate arrival/departure times should additional time be required for consultation and/or participation in extra-curricular activities.

5. Practicum Goal Setting: Year One

The Faculty Advisor assigned to your year one Teacher Candidate will connect and support them during the fall practicum block and schedule a visit to observe them in the classroom once during the winter practicum block. After the observation, the Faculty Advisor will meet to debrief with your Teacher Candidate and will work with the Teacher Candidate to complete their Practicum Goal Setting Form (p. 20). The Teacher Candidate must reflect upon their practicum experience, identifying two specific goals and outlining how each goal will be achieved and measured. Each goal should relate to one of the categories outlined in the Interim Report and/or Final Report. The Faculty Advisor will also provide recommendations based on their observations. Teacher Candidates must store a hard copy of the Goal Setting Form in their Practicum Binder so that they may refer to their goals in second year of the BEd program.

6. Absence from Practicum

Regular attendance throughout the practicum is an expectation for successful completion of both Practicum I and Practicum II. If your Teacher Candidate must be absent from the practicum, they are required to contact the following individuals for every day of absence:

1. The Associate Teacher(s) and/or school office – On the first day of placement, Teacher Candidates should ask their Associate Teacher how best to notify them of an absence.

2. The Practicum Office – Send an email to ptoffice@nipissingu.ca.
3. The Faculty Advisor – Send an email to their Faculty Advisor.

PLEASE NOTE:

- Your Teacher Candidate must provide you with appropriate lessons and resources for any instructional time they were responsible for and must plan for coverage of other school-related responsibilities.
- Teacher Candidates are not permitted to be absent from practicum for reasons such as other work commitments and leisure travel. Teacher Candidates who are absent from practicum for such reasons will be **removed from their placement and will be considered at risk**.
- If a Teacher Candidate is absent from practicum and does not notify the Associate Teacher and/or school office prior to the start of the school day, the Associate Teacher is asked to notify the Practicum Office (ptoffice@nipissingu.ca or 705-474-3450 ext. 4555) as soon as possible.

7. Scheduling Missed Practicum

Teacher Candidates who are absent from practicum must make up all missed time as soon as possible and are responsible for negotiating the dates directly with their Associate Teacher.

- **Year One:** Teacher Candidates are to utilize the buffer week scheduled after both practicum blocks (November 3-7, 2025, and March 9-13, 2026) to reschedule missed practicum days.
- **Year Two:** may arrange to make up practicum days after their fall practicum at a time that does not conflict with course responsibilities. Teacher Candidates must make up the practicum days missed during the winter practicum immediately following the practicum.
- It is the responsibility of the Teacher Candidate to confirm with the Practicum Office when they schedule make up days with their Associate Teacher.
- Teacher Candidates who miss three or more days must contact the Practicum Office **prior to arranging** with their Associate Teachers to make up the time. Depending on the nature and length of absence, a practicum deferral may be recommended.

8. Reporting Injuries/Accidents while on Practicum

Teacher Candidates have WSIB or private insurance coverage, via the MCURES (Ministry of Colleges, Universities, Research Excellence and Security), while on an approved unpaid work placement. If your Teacher Candidate sustains an injury while on practicum, please remind them that their injury/accident **must be immediately reported by the Teacher Candidate to the Placement Employer and Practicum Officer in the Schulich School of Education**. Depending on the nature of the injury, the Teacher Candidate may also be required to participate in completing the MCURES Postsecondary Student Unpaid Work Placement Workplace Insurance Claim.

9. Lesson Planning

Teacher Candidates must demonstrate evidence of thorough planning, prior to each lesson, using the applicable [Nipissing University Lesson Plan Template](#) (p.15-19). When Teacher Candidates reach 50% instructional responsibility, they must complete a maximum of three full lesson plans per day (i.e., three different subjects or periods, depending on the individual's schedule). Any remaining lessons required to reach 50% instructional responsibilities may be completed using a detailed Daybook Plan. If the practicum is such that a Teacher Candidate is teaching the same subject to multiple classes, a separate lesson plan is required for each class taught, as accommodations, reflections, etc. will be different for each class. The Associate Teacher may wish to provide direction to the Teacher Candidate regarding lessons that must be completed in full and those that may be completed in daybook format, depending on the Teacher Candidate's strengths and the needs of the classroom. Teacher Candidates who would benefit from completing more than three full lesson plans per day may be asked to do so by their Associate Teacher, Faculty Advisor or the Practicum Office.

Lesson plans must be completed outside of regular classroom hours and shared with the Associate Teacher in advance, so that the Associate Teacher has ample time to review them and make suggestions prior to lesson implementation. Teacher

Candidates and Associate Teachers should discuss the timeline for submission of lesson plans. It is recommended that Teacher Candidates submit lesson plans at least 24 hours prior to the lesson, either electronically or in hardcopy, according to the expectations of their Associate Teacher.

Year One Teacher Candidates

Block 1 (October 6-31, 2025): The Teacher Candidate and Associate Teacher should share the responsibility for lesson planning. Please review Overall Expectations for the Fall Block (p. 6)

Block 2 (February 9-March 6, 2026): The Teacher Candidate should begin to plan for lessons independently, with guidance from the Associate Teacher. Please review Overall Expectations for the Winter Block (p. 7)

Teacher Candidates are expected to implement lessons according to the Overall Expectations of Teacher Candidates (p. 6-8) and should seek feedback from their Associate Teacher on a regular basis (daily/weekly). Shared responsibility for the planning of a theme or unit work may occur in the second practicum block.

Year Two Teacher Candidates

Teacher Candidates in the second year of the BEd program should be able to plan the required lessons independently, with guidance from the Associate Teacher as Outlined in the Overall Expectations of Teacher Candidates (p.8-11). Teacher Candidates should seek feedback from their Associate Teacher on a regular basis (daily/weekly). Shared responsibility for the planning of a theme or unit work may occur in the first practicum block. In the second practicum block, Teacher Candidates should be able to independently plan an entire unit of work or a series of related lessons with a common theme.

Evaluating your Teacher Candidate

Steps to Take if the Teacher Candidate Experiences Difficulty

Associate Teachers are expected to observe and evaluate their Teacher Candidate's progress during the practicum using the applicable practicum report. When evaluating their Teacher Candidate, the Associate Teacher should:

- Consider the Teacher Candidate's stage of preparation in the program
- Refer to the Practicum Growth Descriptors: Year One (p. 27-29), Year Two (p. 35-38 and p. 44-46)
To help you with the evaluation of your Teacher Candidate, please review sample evaluations on the Associate Teacher website:
 - [Hosting A Teacher Candidate Completing Practicum I](#)
 - [Hosting A Teacher Candidate Completing Practicum II](#)
- Provide detailed comments regarding the Teacher Candidate's strengths and next steps for development in the areas provided in the report
- Discuss the practicum report with the Teacher Candidate at the end of each practicum block, clearly identifying any areas of concern. The report should not be a surprise to the Teacher Candidate.
- Contact the Faculty Advisor or practicum office (ptoffice@nipissingu.ca) if having trouble accessing the online evaluation
- Complete the online evaluation ([CLICK HERE](#) to follow detailed instructions). Associate Teachers having difficulty should contact ptoffice@nipissingu.ca for assistance.

Steps to Take if the Teacher Candidate Experiences Difficulty

Associate Teachers should follow these steps if their Teacher Candidate begins to experience difficulty during the practicum:

1. The Associate Teacher should notify the Practicum Office immediately when a Teacher Candidate begins to experience difficulty (a rating of Does Not Meet Expectations or Level 1 in any area of the practicum report) and is encouraged to keep appropriate documentation.
2. The Associate Teacher should contact the Teacher Candidate's Faculty Advisor for additional guidance and support.
3. Using the practicum reports as a basis for discussion, the Associate Teacher should discuss their concerns and areas requiring development with the Teacher Candidate while offering constructive suggestions, guidance and assistance where needed.
4. The Associate Teacher, in collaboration with the Faculty Advisor/Practicum Officer, should set reasonable and realistic goals for improvement to be demonstrated by the Teacher Candidate according to an established timeline.
5. The Associate Teacher and Faculty Advisor/Practicum Officer will monitor the subsequent performance of the Teacher Candidate to determine if they have met the goals for improvement within the established timeline. At this point, they will determine whether the Teacher Candidate will be permitted to continue in the placement.
6. If the Teacher Candidate is removed from the placement for any reason, the principal, in collaboration with the Associate Teacher, must complete the Teacher Candidate Removal from Placement form (p.21) and submit it to the Practicum Office.
7. Teacher Candidates who receive an overall achievement of Does Not Meet Expectations on a practicum report will meet with the Associate Dean of Education to complete a Teacher Candidate Growth Plan prior to the next practicum block (if applicable).

Interim Report: Progressing with Difficulty

If an Associate Teacher determines their Teacher Candidate is progressing with difficulty, they are to discuss this with their Teacher Candidate and provide clear feedback as to how they may improve in their practice. The Associate Teacher is also encouraged to contact the Faculty Advisor in advance of this decision.

Year one Teacher Candidate who receives Progressing with Difficulty on their fall practicum report from their Associate Teacher will have their file reviewed by the Practicum Committee to determine next steps. If an additional placement is granted, the Teacher Candidate will meet with the Associate Dean of Education for additional support and resources and to develop a Teacher Candidate Growth Plan, prior to the winter practicum block.

Year two Teacher Candidates will be encouraged to connect with the Associate Dean to seek out additional support. Additionally, the Teacher Candidate will be encouraged to discuss with their Faculty Advisor to receive additional support. Another visit from the Faculty Advisor may be required.

Final Report: Does Not Meet Expectations

We recognize that Associate Teachers take on a very crucial role when mentoring aspiring educators, that may include making some difficult choices. While the faculty does their utmost to prepare Teacher Candidates to be successful on practicum, only the Associate Teacher and Faculty Advisor can assess whether the Teacher Candidate has masterfully demonstrated the knowledge and skills required of the teaching profession.

Evaluating a Teacher Candidate can be very stressful, particularly when the Teacher Candidate is not meeting the expectations as outlined. To ease Associate Teacher stress, it should be recognized that giving a Teacher Candidate a Does Not Meet Expectations does not mean they will automatically be withdrawn from the program. In most cases, the Practicum Committee will provide the Teacher Candidate with additional supports and an additional placement. In these circumstances, the Teacher Candidate will meet with the Associate Dean of Education to complete a Teacher Candidate Growth Plan prior to their next practicum block. It is only when a Teacher Candidate consistently fails to demonstrate improvement, mastery of teaching/pedagogy, and/or violates the standards and ethics of the profession that they are removed from the program.

Removing Your Teacher Candidate from Placement

In some cases, the Associate Teacher may determine that they are no longer able to continue to host/mentor their Teacher Candidate. As a result, they may request that their Teacher Candidate be removed from their classroom. Removal from practicum is considered a failed practicum (Does Not Meet Expectations). The removal of a Teacher Candidate may be facilitated as follows:

1. Contact the Faculty Advisor to discuss the Teacher Candidate's removal from practicum
2. Depending on the circumstances of the removal from placement, the Faculty Advisor will visit the school to meet with the Associate Teacher and Teacher Candidate to help facilitate the removal process.
3. The Associate Teacher may request that the Faculty Advisor or Practicum Officer share the removal from practicum with the Teacher Candidate, and thus, not be involved in this step of the process.
4. Complete the Removal from Practicum form (p. 21) and submit to the Practicum Office (ptoffice@nipissingu.ca). This should be completed in collaboration with the principal/vice-principal. The Practicum Office will provide the Teacher Candidate with a copy of the form after the removal.
5. The Teacher Candidate will have their file reviewed by the Practicum Committee and is at risk of receiving a grade of F (fail) in Practicum I. The Teacher Candidate's right to continue in the BEd program may be revoked, depending on the nature of the removal. If the Teacher Candidate is permitted to continue, they will meet with the Associate Dean of Education to complete a Teacher Candidate Growth Plan prior to their next placement.

Name:	
Date:	Timing/Time-Frame:
PROVOCATION <i>Select an anchor book, song, item, experience and/or material that will invite learners to think, wonder, explore, and create (e.g., Who has Seen the Wind? Poem; experimenting with a light fabric on a windy day).</i>	
BIG IDEA(S) <i>What big idea(s) might this provocation lead the learners to think and wonder about?</i>	
EDUCATOR INTENTION(S) <i>Why this provocation now? Where does this provocation fit with current learning and inquiries in the learning environment, including indoors/outdoors?</i>	
LEARNING PLAN <i>How will I introduce the anchor book, experience, and/or the concrete item or material (e.g., read aloud, interactive display, Q & A)?</i> <i>What learning opportunities might extend from this provocation?</i> <i>How will I plan for multiple entry points?</i> <i>Describe whole group (WG) or small group (SG) ideas.</i>	
OBSERVATIONS: NOTICING AND NAMING <i>What did I notice the learners doing, saying, and representing?</i> <i>How will I document this learning?</i>	
EXPECTATIONS <i>What is the most significant learning demonstrated?</i> <i>What overall expectations are being addressed? How?</i>	
REFLECTION <i>What did I learn from my observations of the learners' words and actions?</i> <i>What are the next steps for learning?</i> <i>What are my next steps?</i> <i>What am I wondering about professionally?</i>

Name:	
INQUIRY QUESTION <i>What is the question and/or big idea driving this inquiry? (e.g., Why does snow melt?)</i>	
DESCRIPTION <i>Describe the inquiry that is developing or in progress.</i>	LEARNING OPPORTUNITIES <i>Create a web/list of possible learning opportunities for this inquiry, beginning with a question at the center. This web/list is intended to be fluid with ideas added/revised throughout the inquiry and in consultation with the Associate Teacher. Indicate WG for whole group ideas and SG for small group ideas.</i>
ANCHOR TEXTS <i>Brainstorm a list of possible texts to support this inquiry. Include both fictional and non-fictional texts.</i>	

Date(s)/Day(s) # of Inquiry:	
LEARNING OPPORTUNITY What is the learning opportunity I plan to implement from the above web/list (following a discussion with my Associate Teacher)? Who is involved?	MATERIALS AND SPACE NEEDED <i>What space and materials do I need? What considerations will I make to accommodate for learner diversity and inclusivity (e.g., multiple entry points)?</i>
	OBSERVATIONS <i>What did I notice the learners doing, saying, and representing? Include examples (process and product). How will I document the learning (e.g., anecdotal observations, audio/visual recordings, photographs, including learner self-documentation)?</i>
	EXPECTATIONS/FRAMES <i>What overall expectations are being addressed? What key frames are involved?</i>
	NEXT STEPS <i>How will I respond to, extend, challenge, and support learning? Remember to keep your observations in mind as you determine appropriate next steps.</i>
	REFLECTION <i>What is the most significant learning demonstrated? What am I learning from my observations of the learners' words and actions? What am I wondering about professionally?</i>

PRACTICUM GOAL SETTING – 2025/26

Teacher Candidate:

Faculty Advisor:

Date of Discussion:

Grade/Subject:

Please discuss with your Faculty Advisor what your strengths and areas for growth are in this placement. Together, identify two specific goals and outline how you will achieve and measure these goals. Each goal should relate to one of the following categories: Professional Skills, Attitudes and Responsibilities, Commitment to Learners, Instructional Process, Management and Communication.

Describe the first goal.

What steps will you take to achieve this goal?

How will you measure your goal?

Describe the second goal.

What steps will you take to achieve this goal?

How will you measure your goal?

PRACTICUM REPORT GROWTH DESCRIPTORS – PRACTICUM I

Growth descriptors have been provided as an aid to completing the practicum report. These descriptors detail the level of competence representative of each of the 4 levels of achievement. They are meant to be used as observable behaviour guidelines so that anyone involved in the mentoring, supervisory or evaluation process has specific reference points that may be used to assist Teacher Candidates in their growth and development. The Associate Teacher may use the descriptors as a framework to provide feedback to the Teacher Candidate during practicum. This would allow both parties to have a common ground upon which to base their perceptions relative to specific areas of professional growth. They may use it as a basis for ongoing formative assessment over the course of the practicum, and as guiding principles for summative evaluation at the end of the practicum block. Evaluators are encouraged to use the evidence gathered through this rubric and their professional judgment to determine the Teacher Candidate's overall level of achievement.

	Level 1	Level 2	Level 3	Level 4
1. Professional Responsibility				
Communicates and collaborates with others to create a positive learning community	Has difficulty engaging in professional communications to learn with and from his or her associate teacher, colleagues, learners, and others in the learning community	Engages with assistance in professional communications to learn with and from his or her associate teacher, colleagues, learners, and others in the learning community	Engages in professional communications to learn with and from his or her associate teacher, colleagues, learners, and others in the learning community	Engages with ease in professional communications to learn with and from his or her associate teacher, colleagues, learners, and others in the learning community

Seeks opportunities for learning and professional growth and demonstrates a willingness to take risks	Rarely takes the initiative to familiarize himself or herself with current programs, technologies, and instructional practices in order to enhance student learning	Sometimes takes the initiative to familiarize himself or herself with current programs, technologies, and instructional practices in order to enhance student learning	Usually takes the initiative to familiarize himself or herself with current programs, technologies, and instructional practices in order to enhance student learning	Consistently takes the initiative to familiarize himself or herself with current programs, technologies, and instructional practices in order to enhance student learning
Assesses and reflects critically on own strengths/weaknesses as a means to inform practice	Rarely completes reflections	Completes reflections with some detail or analysis, occasionally informing practice	Completes reflections capably and with considerable analysis in most required areas as a means to inform practice	Completes reflections with thorough and thoughtful analysis in all required areas as a means to inform practice

Perseveres and makes an effort when responding to challenges	Rarely perseveres and makes an effort when responding to challenges	Occasionally perseveres and makes an effort when responding to challenges	Usually perseveres and makes an effort when responding to challenges	Consistently perseveres and makes an effort when responding to challenges
2. Commitment to Learners				
Interacts and engages with learners to build rapport	With limited understanding of diversity and equity, has difficulty interacting and engaging with learners to build rapport	With some understanding of diversity and equity, interacts and engages with learners to build rapport	With considerable understanding of diversity and equity, interacts and engages with learners to build rapport	With thorough understanding of diversity and equity, interacts and engages with learners to build rapport
Creates opportunities for problem-solving, decision making, and critical thinking	Rarely provides challenges and conceptual frameworks that encourage learners to engage in divergent thinking	Provides some challenges and conceptual frameworks that sporadically encourage learners to engage in divergent thinking	Provides challenges and conceptual frameworks that satisfactorily encourage learners to engage in divergent thinking	Provides sophisticated challenges and conceptual frameworks that successfully encourage learners to engage in divergent thinking
Demonstrates enthusiasm for learning	Rarely demonstrates enthusiasm for learning	Sometimes demonstrates enthusiasm for learning	Usually demonstrates enthusiasm for learning	Consistently demonstrates enthusiasm for learning
Upholds the ethical standards of care, trust, integrity, and respect for all learners	Infrequently upholds the ethical standards for all learners	Sometimes upholds the ethical standards for all learners	Frequently upholds the ethical standards for all learners	Always upholds the ethical standards for all learners
3. Instructional Process				
Identifies lesson expectations (i.e., curriculum and learning skills) and refines where necessary	Rarely identifies and refines lesson expectations that guide learning	Sometimes identifies and refines lesson expectations that guide learning	Usually identifies and refines lesson expectations that guide learning	Consistently identifies and refines lesson expectations that guide learning
Links curriculum expectation(s) to lesson content and its underlying concepts, facts, and skills	Content is sparse and as a result no consideration is given to the sequencing of concepts, facts, and skills; links to the curriculum expectation(s) are missing	Content lacks detail with little consideration given to the sequencing of concepts, facts, and skills; link(s) to the curriculum expectation(s) are unclear	Content is detailed and concepts, facts, and skills are sequenced and linked to the curriculum expectation(s)	Content is extensively detailed and concepts, facts, and skills are logically sequenced and clearly linked to the curriculum expectation(s)
Describes pre-assessment of learners (i.e., prior knowledge, modifications, accommodations)	Even with assistance, has difficulty assessing learners' prior learning experiences and needs	With some assistance assesses learners' prior learning experiences and needs	With minimal assistance assesses learners' prior learning experiences and needs	Independently assesses learners' prior learning experiences and needs
Makes adjustments to meet the diverse needs of learners	Even with assistance, rarely provides modifications, accommodations, and alternative experiences based on learner strengths and needs	With some assistance provides modifications, accommodations, and alternative experiences based on learner strengths and needs	With minimal assistance provides modifications, accommodations, and alternative experiences based on learner strengths and needs	Independently provides modifications, accommodations, and alternative experiences based on learner strengths and needs
Plans for the learning environment and resources	Little consideration given to the set-up of the classroom environment and the selection of resources	Some consideration given to the set-up of the classroom environment and the selection of resources	Sets up the classroom environment and selects appropriate resources	Expertly sets up the classroom environment and selects appropriate resources
Plans and implements teaching/learning strategies to facilitate learning	Teaching/learning strategies fail to support the development of content; implementation unsuccessful	Teaching/learning strategies occasionally support the development of content; adequate implementation	Teaching/learning strategies support the development of content; effective implementation	Teaching/learning strategies clearly support the development of content; highly effective implementation
Plans a consolidation and/or application task	Creates a consolidation with little or no review of the content developed in the lesson; application task is not provided or does not allow the learners to apply the content	Creates a consolidation with some review of the content developed in the lesson; provides an application task that allows learners to apply the content with some difficulty	Creates a consolidation that reviews the content developed in the lesson; provides an application task that allows learners to apply the content	Creates a succinct consolidation that reviews the content developed in the lesson; provides an application task that allows learners to purposefully apply the content
Engages learners' interests	Has difficulty motivating learners through an introductory activity	Motivates some learners through an introductory activity	Motivates most learners through an introductory activity	Motivates all learners through an introductory activity
Uses some technologies and resources to facilitate learning	Poor integration of technology; inappropriate use of resources	Minimal integration of technology; needs assistance with use of resources	Where appropriate integrates technology; effective use of resources	Where appropriate integrates technology seamlessly; strategic use of resources

Uses questioning and inquiry to facilitate learning	Does not effectively use questioning techniques	Uses questioning techniques that encourage a limited range of levels of thinking; engages some learners	Uses questioning techniques that encourage a range of levels of thinking; engages most learners	Uses questioning techniques that encourage a wide range of levels of thinking; engages all learners
Provides learners with opportunities to apply their learning	Learners engage with difficulty and/or little understanding in an application task	Learners engage with some ease and/or understanding in an application task	Learners engage with moderate ease and/or understanding in an application task	Learners engage with considerable ease and/or understanding in an application task
Provides learners with opportunities to investigate, discover, and communicate their learning	Rarely promotes a risk-free learning environment which encourages learner participation, curiosity, and responsibility	Sometimes promotes a risk-free learning environment which encourages learner participation, curiosity, and responsibility	Usually promotes a risk-free learning environment which encourages learner participation, curiosity, and responsibility	Consistently promotes a risk-free learning environment which encourages a high level of learner participation, curiosity, and responsibility
Checks for learners' understanding	Rarely checks for learners' understanding	Sometimes checks for learners' understanding	Often checks for learners' understanding at one or two points during each lesson	Regularly checks for learners' understanding at several points during each lesson
Aware of pacing and timing and the need for a contingency plan	Has difficulty pacing and timing the lesson to match learners' needs; limited understanding of the need for a contingency plan	Occasionally paces and times the lesson to match learners' needs; has some understanding of the need for a contingency plan	Typically paces and times the lesson to match learners' needs; uses a contingency plan when appropriate	Consistently paces and times the lesson to match learners' needs; effectively uses a contingency plan when appropriate
Uses grade appropriate assessment strategies that match expectations	Even with assistance, has difficulty relating assessment directly to the expectation(s)	Relates assessment directly to the expectation(s) with some assistance	Relates assessment directly to the expectation(s) with minimal assistance	Relates assessment directly to the expectation(s) with ease
4. Management and Communication				
Models appropriate verbal communication (i.e., language, tone, volume, inflection)	Lacks effective verbal communication practices	Uses satisfactory verbal communication practices	Uses effective verbal communication practices	Uses superior verbal communication practices
Models appropriate written communication (i.e., spelling, grammar, vocabulary)	Lacks effective written communication practices	Uses satisfactory written communication practices	Uses effective written communication practices	Uses superior written communication practices
Models appropriate non-verbal communication (i.e., listening, body language, spatial awareness)	Lacks effective non-verbal communication practices	Uses satisfactory non-verbal communication practices	Uses effective non-verbal communication practices	Uses superior non-verbal communication practices
Demonstrates awareness of and responds proactively to off-task behaviours	Lacks an understanding of classroom management strategies and has difficulty applying these strategies and the school's expectations for learner conduct to ensure on-task behaviour in school-related settings	Demonstrates some understanding of classroom management strategies and sometimes applies these strategies and the school's expectations for learner conduct to ensure on-task behaviour in school-related settings	Demonstrates an understanding of classroom management strategies and usually applies these strategies and the school's expectations for learner conduct to ensure on-task behaviour in school-related settings	Demonstrates an excellent understanding of classroom management strategies and consistently applies these strategies and the school's expectations for learner conduct to ensure on-task behaviour in school-related settings
Reinforces existing rules and routines and attempts new strategies				
Reinforces positive behaviour	Rarely recognizes and reinforces positive behaviour	Occasionally recognizes and reinforces positive behaviour	Frequently recognizes and reinforces positive behaviour	Persistently recognizes and reinforces positive behaviour

YEAR TWO PRACTICUM REPORT GROWTH DESCRIPTORS – BLOCK 1

Growth descriptors have been provided as an aid to completing the practicum report. These descriptors detail the level of competence representative of each of the 4 levels of achievement. They are meant to be used as observable behaviour guidelines so that anyone involved in the mentoring, supervisory or evaluation process has specific reference points that may be used to assist Teacher Candidates in their growth and development. The Associate Teacher may use the descriptors as a framework to provide feedback to the Teacher Candidate during practicum. This would allow both parties to have a common ground upon which to base their perceptions relative to specific areas of professional growth. They may use it as a basis for ongoing formative assessment over the course of the practicum, and as guiding principles for summative evaluation at the end of the practicum block. Evaluators are encouraged to use the evidence gathered through this rubric and their professional judgment to determine the Teacher Candidate's overall level of achievement.
